Subject: proposed bylaw amendment

<<...>> <<...>> <<...>> Hi Valerie,

On behalf of the Planning Commission I've attached a draft of a proposed bylaw amendment, along with a report that explains it, for consideration by the Selectboard. Please note that in addition to what is described in the report (absorbing the Commercial Lodging District into Ag-Res and replacing it with an Adaptive Redevelopment Overlay District), we are correcting two technical errors found elsewhere in the bylaw.

Please forward these documents to the SB and place this item on their agenda as soon as possible. Members of the PC would like to participate in the discussion of this amendment, so please let me know when it has been scheduled.

Thanks!

Vickie Trihy
