I. NOTICE OF HYDRANT FLUSHING

The water system operator will be conducting the annual flushing of the water system hydrants and valve exercising during the week of September 20th to September 24th 2021.

Annual flushing of hydrants is necessary as an important water system preventive maintenance activity. Flushing maintains the integrity of the water system infrastructure and allows the system to continue providing the highest quality of water to service users. Citizens may observe large volumes of water being released.

The system will be chlorinated at a low-level chlorine residual from September 13th to September 17th 2021.

II. NEW EMERGENCY CONTACT PHONE # FOR WATER SYSTEM

For a Water System Emergency please contact Simon Operation Services (SOS) who operate the Waitsfield Water System.

If there is an **emergency after hours and weekends, dial 802-741-2347** entering the call back phone # slowly and accurately.

If there is an emergency during normal, weekday business hours (8am-4pm) call the SOS office: 802-244-7420. If you go to voicemail, leave a brief voicemail with short details, and call back info. After leaving the message hang up and then dial the emergency # 802-741-2347 and leave your phone #.

III. OPEN POSITION ON THE WATER COMMISSION

The Town of Waitsfield has an open position on the Water Commission for the two-year term expiring March 2022. If you are interested in being involved in the provision of water to the town, please submit an email stating your interest and background to townadmin@gmavt.net. The Water Commission meets once a month at the Town Office.

IV. THANKS TO KELLEE MAZER AND SANDY GALLUP

The Water Commission want to express our thanks and gratitude to Kellee Mazer and Sandy Gallup for assisting with the administration of the water system over the last years.
